

Roadmap

1	Enhanced tools for PhD Manager Administrators: ability to move workflows backwards and forwards, editing forms and template notifications, visibility of text of all final notifications
2	Dashboard of all users with outstanding tasks with ability to switch tasks to other users
3	Visibility of blank forms for all workflows
4	Sending emails to selected groups of PGRs or Supervisors through PhD Manager
5	Add Request review to all workflows
6	Enhanced reporting
7	Further integration with Outlook calendars for supervision meetings and events
8	Visibility of audit trail of PhD Manager email notifications sent to a user
9	Absence monitoring: including annual leave and tracking engagement and location of PGRs overseas
10	Enhanced support guides, user manuals, and integrated contextual help.
11	Enhanced events functionality: managing bookings from PGRs in other institutions or the public, enhancements to tracking development against skills
12	Improved task list for Graduate School Office: filtering of tasks, assigning tasks to team members.
13	Improved noticeboard as first step towards social and community building
14	Storage of research and work in progress by PGRs

The PhD Manager Roadmap is agreed with the PhD Manager user group twice per year.
